Hiring Manager

Sitecore Malaysia Sdn Bhd
Level 16 Menara Binjai, No 2, Lrg Binjai,
50450 Kuala Lumpur, Federal Territory of Kuala Lumpur

Dear Hiring Manager,

I am writing to express my interest in the Associate Developer Intern position at Sitecore. I am a final-year computer science student majoring in Software Engineering at Universiti Malaysia Pahang Al-Sultan Abdullah (UMPSA). I am excited about the opportunity to contribute to your team while gaining practical experience in software development.

Throughout my studies, I have built strong skills in software development and a solid foundation in mobile and web technologies. Recently, I completed a project which is my final-year project called *Internseek*, a web application developed using Laravel, React.js, and Inertia.js. This application streamlines the internship search and application process for undergraduate students and includes features like in-system messaging and auto-generated resumes based on user profiles. I am also proud to share that I was a Top 10 finalist in the UMPSA X Huawei Mobile App Competition 2023. Additionally, my coursework has equipped me with skills in database management, data structures, and software engineering principles which I am eager to apply in a real-world setting.

I am particularly drawn to this opportunity at Sitecore because of your company's dedication to innovation and its positive reputation as a leading software company. I am enthusiastic about the chance to learn from your team of experts and contribute to meaningful projects. My goal is to develop my skills in software engineering while contributing to solutions that enhance user experiences.

Thank you for considering my application. I look forward to the opportunity to discuss my qualifications in further detail. Please find my resume attached for your reference.

Sincerely,
Sho Ming Kang
